Individualised Learner Record (ILR) Privacy Notice 2024/2025

This privacy notice is issued by the Education and Skills Funding Agency (ESFA) on behalf of the Secretary of State for the Department of Education (DfE) to inform learners about the Individualised Learner Record (ILR) and how their personal information is used in the ILR. Your personal information is used by the DfE to exercise our functions under article 6(1)(e) of the UK GDPR and to meet our statutory responsibilities, including under the Apprenticeships, Skills, Children and Learning Act 2009. Our lawful basis for using your special category personal data is covered under Substantial Public Interest based in law (Article 9(2)(g)) of GDPR legislation. This processing is under Section 54 of the Further and Higher Education Act (1992).

The ILR collects data about learners and learning undertaken. Publicly funded colleges, training organisations, local authorities, and employers (FE providers) must collect and return the data to the ESFA each year under the terms of a funding agreement, contract or grant agreement. It helps ensure that public money distributed through the ESFA is being spent in line with government targets. It is also used for education, training, employment, and well being purposes, including research.

We retain your ILR learner data for 20 years for operational purposes (e.g. to fund your learning and to publish official statistics). Your personal data is then retained in our research databases until you are aged 80 years so that it can be used for long-term research purposes. For more information about the ILR and the data collected, please see the ILR specification at <https://www.gov.uk/government/collections/individualised-learner-record-ilr>

ILR data is shared with third parties where it complies with DfE data sharing procedures and where the law allows it. The DfE and the English European Social Fund (ESF) Managing Authority (or agents acting on their behalf) may contact learners to carry out research and evaluation to inform the effectiveness of training.

For more information about how your personal data is used and your individual rights, please see the DfE Personal Information charter (<https://www.gov.uk/government/organisations/department-for-education/about/personal-information-charter>) and the DfE Privacy Notice (<https://www.gov.uk/government/publications/privacy-notice-for-key-stage-5-and-adult-education>)

If you would like to get in touch with us or request a copy of the personal information DfE holds about you, you can contact the DfE in the following ways:

- Using our online contact form https://form.education.gov.uk/service/Contact_the_Department_for_Education

All graduates receiving a recognised higher education qualification from a further education college (FEC) will need to be surveyed for the Graduate Outcomes survey. This survey is conducted by an independent company working on behalf of the sector regulator, the Office for Students (OfS). The OfS will use your contact details for the purpose of undertaking the Graduate Outcomes survey approximately 15 months after graduation.

Colchester Institute (CI)/ University Centre Colchester (UCC) provide information to examination boards, our funding bodies and their partners, and Local Authorities, where appropriate. We are obliged to help police and other government organisations (e.g. Department for Work and Pensions) with their enquiries. We will disclose information about your education, health, safety and well-being upon receipt of a formal written request by a relevant authority (e.g. Social Care, Police) where there are justifiable reasons to make such a disclosure. We may also provide personal data such as address, phone number or confirmation of your whereabouts at a particular time.

Other organisations include Essex County Council and Local Authorities, Schools, Higher Education Statistics agency, Student Loan Company and educational institutions.

You may be contacted after you have completed your programme of learning to establish whether you have entered employment or gone onto further training or education.

The Health Assured support line is a separate service offered to students of University Centre Colchester. Health Assured provides a confidential service and the information you discuss with their helpline support workers is not routinely provided to the University unless your health, wellbeing or welfare is judged to be at imminent risk. In these circumstances and where the support worker thinks you need additional support, Health Assured will seek your consent to share your name and information about their concerns with the Student Services Safeguarding and Welfare team so that they can provide you with further assistance. In some circumstances where you are not able to provide consent or where you refuse consent, Health Assured may still decide to share relevant information with UCC where it is necessary to protect your or another person's vital interests. This approach is consistent with our Privacy Statement which you signed up to at registration.

Colchester Institute will retain your personal data in accordance with the provisions of the Data Protection Act 2018 for as long as is considered necessary for the legitimate business purpose under which it was collected. Data will be retained under an Information Asset Register schedule of approved retention periods. For further information, please refer to our Privacy Notice: <https://www.colchester.ac.uk/policies/>
